The Widow, Madam Susan Ludik and the Entire Bereaved Family of the Late Dr. Paul Stefan Ludik  
Windhoek  
**KHOMAS REGION**

Dear Madam Ludik

It is with profound sadness that I have learnt of the passing of your beloved husband, Dr. Paul Stefan Ludik, on Wednesday, June 22, 2022 in Windhoek.

The Late Dr. Ludik was a diligent and reliable Namibian Professional who was a pioneer of the Namibian Police Forensic Science Institute and a Former Director of the National Forensic Science Institute of Namibia.

He excelled in all the positions he was entrusted with. His passion to produce credible evidence has been described by those who were privileged to interact with him as blazed trails which established him as a recognized and a sought after forensic pathologist expert of note. He will be remembered for having played a critical role of linking Namibia's forensic science institute to related international bodies which is a prerequisite to fighting crime and provide justice. For this reason, his passing is a huge loss to our country.

For many years he served the country's forensic science institute as a loyal employee and even after his retirement he was readily available to give advice in his field. Thus, his courage, his compassion and his service to the people of Namibia will remain a light that brightens our darkest day. Against this background, we wish that you find solace in the knowledge that we share in your grief and that the formidable legacy of your husband will live on.

As you carry him to his final resting place, please allow me on behalf of the Veterans of our National Liberation Struggle, the Nujoma family and indeed on my own behalf, to extend our heartfelt condolences and deepest sympathies to the entire bereaved family members for your loss.

May you all find comfort and granted fortitude to overcome this great loss.

May His Soul Rest In Eternal Peace!

Sam Nujoma  
**FOUNDING PRESIDENT OF THE REPUBLIC OF NAMIBIA**
