Revolutionary greetings to you all comrades, compatriots, friends and all Namibians.

As we are all aware, the 12 May 2023 will mark the 94th birthday of His Excellency, Dr. Sam Shafiishuna Nujoma, Founding President and Father of the Namibian Nation. In honour of his immense and selfless contribution to the liberation struggle of Namibia, his leadership and creation of our country's strong economic foundation, peace and stability that we are enjoying today, the Sam Nujoma Foundation has organized a Birthday Party scheduled for the 13 May 2023, at Etunda, in the Okahao Constituency.

It is the wish of the Sam Nujoma Foundation to extend an open public invitation in celebration but as we are experiencing sporadic increases in flu cases, some of these may be associated with COVID-19. As a precaution to protect our elders and the vulnerable, only a limited number of people are required to attend the event. It will be appreciated if we can celebrate the 94th Birthday of Comrade Sam Shafiishuna Nujoma in revolutionary styles wherever we are.

Thank you very much for your understanding.
